APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Lake Tahoe as heretofore granted under Permit 18773, is issued subject to the terms and conditions imposed in said Permit 18773. A meter must be placed at the pumping station, and a record of use kept at all times. This permit does not include the use of water for golf course or public park use. Water allowed under this permit will be a part of the Tahoe Basin allocation in event of a Compact between Nevada and California. The physical development must conform to the water system plans as submitted.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.0 cubic feet per second, but not to exceed 1,250 acre-feet annually from all sources.

Actual construction work shall begin on or before October 23, 1963.

Proof of commencement of work shall be filed before November 23, 1963.

Work must be prosecuted with reasonable diligence and be completed on or before October 23, 1964.

Proof of completion of work shall be filed before November 23, 1964.

Application of water to beneficial use shall be made on or before October 23, 1969.

Proof of the application of water to beneficial use shall be filed on or before November 23, 1969.

Map in support of proof of beneficial use shall be filed on or before.
